

WRIGHTWAY BINS

Ergonomic Design Push-Pull Wheelie Bins: manoeuvre the bin safely without having to tilt the bin or carry the weight

DESIGNED & MANUFACTURED IN AUSTRALIA BY WRIGHTWAY PRODUCTS SPECIFICALLY FOR INDUSTRIAL USE

OPERATOR SAFETY:

- Reduced possibility of strain injuries.
- Wheelie bin handles allow easy push/pull control whilst relocating bin.

SIMPLE TO USE:

- Moves freely with minimal operator effort relative to weight held within.
- Tilt and use as standard wheelie bin on rough terrain.

ENHANCED MANOEUVRABILITY:

- The bin is able to rotate largely within its own footprint.
- Easy to pull forward away from wall without tilting the bin.

INNOVATIVE DESIGN: (Patent Pending)

- No holes in bin floor.
- Stainless steel.
- Braked Castors for additional stability.

OPTIONAL:

Lid Lifta® foot pedal for hygienic lid open and close. Specifically designed and manufactured in Australia by Wrightway Products for heavy duty industrial use.

Move bin forward by fingertips.

ONLY available in 80 litre & 140 litre wheelie bins
